Sorry for the delay in responding. Andy Whitener is back in the office and I discussed this with him today. Regarding the dates you proposed, 1/31 is out, 2/11 would work, 2/13 probably won't work, 2/21 will work, and 2/22 will not. Naturally, the location of the meeting will help to resolve the workability of any given day and time. We propose the Tribal Center, but would be willing to meet in Olympia if it would help with arrangements. We can probably meet at the NWIFC.

We are in receipt of a letter from Dennis McLerran stating that Dan Opalski will be the EPA representative for this meeting.

Thanks.

Hi Jeff,

In response to your request for a government-to government meeting, below are several potential dates/times that EPA is currently available to meet with the Tribe regarding fish consumption rates and Ecology's rulemaking process for human health criteria. I apologize that it has taken awhile to follow up to your request.

January 31: 2pm-4pm

February 11: 10am-1pm

February 13: anytime except for 1pm-2pm

February 21: 12pm-4pm

February 22: 10am-2pm

Please let me know your availability and feel free to call me if you have any questions. Thanks,
